

FT-HUMM™

FT-HUMM™ is a concentrated low application rate Humic acid amendment formulated for both foliar and drip irrigation. For use on Field Crops, Fruits, Tree Nuts, Vegetables, Herbs and Spices, Forage Grasses and Non-Food Crops such as Ornamentals, Trees and Turf.

NON-PLANT FOOD INGREDIENTS:

Humic acid (derived from Leonardite).....6%

Storage: Store product in plastic containers out of direct sunlight or UV light. Keep containers tightly closed when not in use. Store in a cool, dry well-ventilated area, preferably in a locked storage area away from children, feed and food products, and seed. PROTECT FROM FREEZING. Do not contaminate water, food, or feed by storage or disposal.

MFG DATE:

Product expires 2 years after MFG date

APPLICATION INSTRUCTIONS

1 Quart per acre

2-3 Applications per season

Foliar Spray and Drip Irrigation

FT-HUMM is very effective when used as part of a regular foliar nutritional spray program and can be applied with any standard fertilizer or crop spray system. For best results, apply the foliar spray mixture as a fine mist, with low fluid velocity until the foliage is wet.

For large areas where aircraft or power driven sprayers are used to apply the spray, follow the specific crop use rates in the table below. Apply with sufficient water to get thorough foliage coverage, 3 to 10 gallons of water per acre for aircraft sprayers and 10 to 50 gallons of water per acre for ground driven spray equipment.

Adjust rates for foliar and drip applications of FT-HUMM™ depending on the climatic region, soil type and fertility. For best results, increase the frequency of application; additional applications can be made as required.

Compatibility Test for Tank Mix Components:

Fresh Tracks Ag LLC does not assume responsibility for unexpected results when tank mixing with FT-HUMM™, conduct a jar test before mixing to ensure compatibility of FT-HUMM™ with other fertigation, or fertilizers if the tank mix combination has not been used previously. In addition, apply the mixture to a small area or small number of plants prior to large-scale treatments to ensure that the mixture does not result in phytotoxicity.

To test for compatibility, in a small jar, mix a small amount (16 to 32 ounces) of spray combining all tank mix ingredients in the same ratio as the anticipated use. If any indications of physical incompatibility develop, do not use this mixture for spraying. These indications usually appear within 5 to 15 minutes after mixing and include observations such as development of precipitate or surface oil or thick (clabbered) texture. Do not use any spray solution that could clog spray nozzles. Follow the most restrictive of all precautions and limitations on this label and labels of other fertigation products used in the tank mixture with FT-HUMM™

FRESH TRACKS AG

FIELD CROPS

Alfalfa, Clover, Corn (includes Field Corn and Popcorn), Cotton, Lupine, Peanuts, Rice, Sorghum, Milo, Soybeans, Sugar Beets, Wheat

FRUITS

Apples, Avocado, Bananas, Blueberries, Cane Fruit (includes Blackberries, Currants, Gooseberries and Raspberries), Citrus (includes Grapefruit, Lemon, Lime, Oranges, Tangelos and Tangerines), Grapes, Pears, Plantains, Stone Fruit (includes Apricots, Cherries, Nectarines, Peaches and Plums), Strawberries

TREE NUTS

Almonds, Cashews, Chestnuts, Coconuts, Hazelnuts, Macadamia, Pecans, Pistachios, Walnuts

VEGETABLES

Asparagus, Beans, (includes Black-Eyed Peas, Broad Beans, Chickpeas, Cowpeas, Crowder Peas, Fava Beans, Garbanzo Beans, Kidney Beans, Lima Beans, Mung Beans, Navy Beans, Pinto Beans, Snap Beans, Southern Peas and Wax Beans), Broccoli, Brussels Sprouts, Cabbage, Carrots, Cauliflower, Celery, Corn (Sweet), Cucumber, Eggplant, Garlic, Ginseng, Lettuce, Melons, Okra, Onions, Peas, (includes Lentils), Peppers, Potatoes, Pumpkins, Radishes, Shallots, Spinach, Squash, Sweet Potatoes, Tomatoes

HERBS & SPICES

Basil, Chive, Cilantro, Coriander, Dill, Fennel, Marjoram, Nutmeg, Parsley, Pepper, Rosemary, Saffron, Sage, Savory, Sweet Bay, Tarragon

NON-FOOD CROPS

Ornamentals, Trees, Turf

GRASS FORAGE

Includes all pasture and range grasses
