

# Kaskade™

## 0-0-18

### Water Soluble Fertilizer

#### STOP, READ THE LABEL BEFORE USING THIS PRODUCT

#### PRODUCT DESCRIPTION:

Kaskade™ super soluble potassium powder is a proprietary manufactured source of potassium. For use when soil and plant tissue tests show low potassium levels.

#### GUARANTEED ANALYSIS:

Potassium (K) 18%

#### DERIVED FROM:

Potassium Carbonate.

#### STORAGE:

Store product in plastic containers out of direct sunlight or UV light. Keep containers tightly closed when not in use. Store in a cool, dry well-ventilated area, preferably in a locked storage area away from children, feed and food products, and seed. PROTECT FROM FREEZING. Do not contaminate water, food, or feed by storage or disposal.

#### MFG DATE:

Product expires 2 years after MFG date

NET WEIGHT 20 LBS. (9.07 KG)

#### APPLICATION INSTRUCTIONS

Use 2-4 pounds per acre. Multiple applications work best. Best response results are when Kaskade™ is concentrated in the root zone through drip irrigation, or soil injection. Can also be applied aerial, ground and foliar (1-2 pounds per acre when needed) with beneficial results

#### Compatibility Test for Tank Mix Components:

Fresh Tracks Ag LLC does not assume responsibility for unexpected results when tank mixing with Kaskade™, conduct a jar test before mixing to ensure compatibility of Kaskade™ with other fertigation, or fertilizers if the tank mix combination has not been used previously. In addition, apply the mixture to a small area or small number of plants prior to large-scale treatments to ensure that the mixture does not result in phytotoxicity.

To test for compatibility, in a small jar, mix a small amount (16 to 32 ounces) of spray combining all tank mix ingredients in the same ratio as the anticipated use. If any indications of physical incompatibility develop, do not use this mixture for spraying. These indications usually appear within 5 to 15 minutes after mixing and include observations such as development of precipitate or surface oil or thick (clabbered) texture. Do not use any spray solution that could clog spray nozzles. Follow the most restrictive of all precautions and limitations on this label and labels of other fertigation products used in the tank mixture with Kaskade™.

#### DISTRIBUTED BY:

**Fresh Tracks Ag LLC**  
**822 E 2nd Street**  
**The Dalles, OR 97058**
